

## FREQUENTLY ASKED QUESTIONS

### Why work with CANTEACH?

CANTEACH was specifically created to take care of Canadians regarding their Teacher Certification overseas.

EVERY CANTEACH student who has applied through CANTEACH has been accepted to at least one, usually both, university choices applied to. In some cases, students only need to apply to one university as designated spots are available for CANTEACH students. Some applicants will receive direct offers at specific universities from Mike Johnson (ie. the University of the Sunshine Coast).

Mike Johnson is a certified Teacher in Ontario.

Mike Johnson ensures you get accepted. Placements are allocated at each university for CANTEACH applicants because CANTEACH streamlines the Teacher Certification process. You will be taken care of from your initial inquiry through to the Certification workshop you receive where you are studying abroad. Instructions and advice are provided by CANTEACH for each step of the entire process.

### Is this Certificate valid in ON/Canada?

Yes (qualified). Completing the program allows you to obtain the Teaching Certification in the jurisdiction you are trained (Australia, New Zealand, Scotland and Wales). That certification allows you to apply for certification in Ontario, via the Ontario College of Teachers (OCT), or other governing Board in Canada. Mike Johnson has taken all CANTEACH students through this certification process. All CANTEACH students have been eligible to apply for certification in Canada and have been certified in Canada.

### How do I apply for my Teaching Certificate?

CANTEACH offers an on-site, on-line Certification Workshop, given by Mike Johnson, at the university you are attending abroad before your program completion. This certification and the procedure to apply back in Canada are covered in this workshop. All CANTEACH applications to Ontario College of Teachers (OCT) have been successful to date. CANTEACH and the universities represented by CANTEACH have an excellent working relationship with the OCT and their governing boards.

### How do I start to consider my options?

You can consult the CANTEACH Teachable Table to research your options and programs that you will be able to attend. A typical decision may include:

- Your teaching interest: Primary or Secondary
- Teachables: if you want to teach Secondary (High School)
- Geography: location of the university and surrounding area
- University facilities and activities available
- Tuition cost, cost of living, accommodation options
- Your impression of the university and interactions with Staff

Call Mike Johnson at **1-866-488-6700** toll free after 5pm in ON (EST). I want to talk to you directly, person-to-person, for your initial phone consultation to help you with starting and understanding the process that I will take you through.

### Is the University I want to attend/apply to reputable?

All CANTEACH represented universities are regulated by strict governing guidelines to maintain university qualifications in each particular country. These universities work closely with the OCT, and other governing Boards across Canada, to assist students in their certification back to Ontario/Canada. Mike

Johnson and CANTEACH represented universities meet with the OCT each year to review current regulations and issues within the Teacher Education profession, specifically relating to certification and registration in Ontario. All CANTEACH Universities have been visited by Mike Johnson. All CANTEACH Universities with Teacher Training programs submit all the appropriate documentation and materials to the OCT and attend annual liaison meetings each fall.

### What degree am I getting?

You will receive a Graduate Diploma in Teaching in Australia and New Zealand, a PGCE/PGDE (Post Graduate Certificate/Diploma in Education) in Wales (PGCE) and Scotland (PGDE). This degree allows you to apply for your Teaching Certificate in the jurisdiction or country in which you are trained.
